

Woods Bay Homeowners Association

Special Edition!

We need extra help this year cleaning Woods Bay! Wind, ice, and snow leaves us with excessive shrub and tree debris.

WBHOA has hired a dump truck and loader for pick up and haul off of yard debris and downed branches as part of Clean-the-Bay.

Date of pickup: Saturday April 29, 2023 - beginning 9am

Debris: Only combustible natural materials will be picked up from the roadside and taken to a burn site.

Debris should be piled near the road in a readily accessible area and of a size manageable for a small loader.

Cleanup will also include the Lake Access and roadsides with as many hands as are available.

This will be a rain/snow or shine event. Volunteers to help on Saturday bring tools as you are able and meet at the lake access.

Please contact the WBHOA Email with any questions:
